Chronic Lung Disease (75G) Pritchett & Hull

Chronic Lung Disease (New edition of "To Air is Human") is the most effective teaching tool for patients with COPD. Newly updated, this book provides options for patients who may feel that they have very few choices with their current condition. It helps them cope with their disease by providing important facts as well as emotional support and encouragement. With Chronic Lung Disease, your patients have step by step instructions for performing controlled coughing and pursed lip breathing, as well as other important techniques to make them feel more comfortable. In addition, this book provides a wealth of information on different medicines and therapies, including using an oxygen concentrator and aerosol therapy. Put your COPD patients at ease and in the know with Chronic Lung Disease. Consultant: Steven M. Koenig, MD, FCCP, FAASM, St. Claire Medical Center, Morehead, KY Reviewers: Robert M. Bruce, MD, FACP, Deb Cooper, RRT, Sally Crim Tibbals, RN, MS, CS, Becky Fitzgerald, John E. Huffman, BA, CRTT, Karen Jackson, CRT, Patricia A. Lincoln, RN, BSN, CDE, Jill Malen, RN, MS, NS, Jane Clarkson Moore, PT, DPT, MEd, Marjan Torbati, BS, RRT, CPFT Testimonials: We love this book at our facility. It puts breathing techniques in simple terms, and explains the process that all literate patients can understand. -- mbruns, RN "Excellent resource! My father was recently diagnosed with COPD. Your booklet is very easy to understand and offered him far more than any of my nursing books." "I love the fun & creative way that info is presented to the patient. Your book is a very complete & detailed guide for the COPD patient, without being overwhelming." — Debi W RRT "To Air is Human is a wonderful booklet. I found it packed with info, easy to read and understand." "The booklet "To Air is Human" addresses, very thoroughly, all the important aspects of pulmonary disease. It doesn't seem to over-simplify or over-complicate the subject. It's a great teaching tool about a subject that doesn't always get explained well." "The patients like the book and so do I. To Air is Human is a good source that accompanies my teaching." — Albert M "This book is excellent! Colorful, informative on the level of the patient & entertaining. Patients enjoy using it and learning at the same time." —K.M. Wellness Program Director "We found this book to be very comprehensive and a particularly excellent resource for a newly diagnosed patient." "A fantastic book for pulmonary patients. An essential part of pulmonary disease management." – E. Hensley, RRT "Easy to read & understand. Pictures are great. We will continue to use this product." — B. Agen, RN, Clinical Educator

From reader reviews:

Gayle Oconnell:

Here thing why this particular Chronic Lung Disease (75G) are different and trustworthy to be yours. First of all reading a book is good but it really depends in the content of computer which is the content is as tasty as food or not. Chronic Lung Disease (75G) giving you information deeper and in different ways, you can find any guide out there but there is no publication that similar with Chronic Lung Disease (75G). It gives you thrill examining journey, its open up your eyes about the thing that happened in the world which is perhaps can be happened around you. You can bring everywhere like in area, café, or even in your technique home by train. In case you are having difficulties in bringing the published book maybe the form of Chronic Lung Disease (75G) in e-book can be your alternative.

Dwight Ambrose:

Reading a publication can be one of a lot of action that everyone in the world really likes. Do you like reading book so. There are a lot of reasons why people like it. First reading a guide will give you a lot of new information. When you read a publication you will get new information since book is one of numerous ways to share the information or their idea. Second, reading a book will make you more imaginative. When you reading a book especially fictional works book the author will bring someone to imagine the story how the character types do it anything. Third, you can share your knowledge to other folks. When you read this Chronic Lung Disease (75G), you are able to tells your family, friends and soon about yours book. Your knowledge can inspire the others, make them reading a reserve.

John Bledsoe:

Reading a e-book tends to be new life style on this era globalization. With looking at you can get a lot of information that may give you benefit in your life. With book everyone in this world may share their idea. Books can also inspire a lot of people. Many author can inspire their reader with their story as well as their experience. Not only situation that share in the textbooks. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors on this planet always try to improve their ability in writing, they also doing some investigation before they write for their book. One of them is this Chronic Lung Disease (75G).

Nikki Kirkland:

This Chronic Lung Disease (75G) is great book for you because the content which can be full of information for you who always deal with world and still have to make decision every minute. This kind of book reveal it information accurately using great manage word or we can point out no rambling sentences inside. So if you are read it hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but tough core information with beautiful delivering sentences. Having Chronic Lung Disease (75G) in your hand like finding the world in your arm, details in it is not ridiculous one. We can say that no

guide that offer you world in ten or fifteen second right but this reserve already do that. So , this is certainly good reading book. Heya Mr. and Mrs. busy do you still doubt this?
