## **Process Management - a results-oriented approach** Bruno Palvarini, Cláudia Quezado

An easy guide about the principles of a process management approach focused on results. The authors comment their 15-years experience on process management and show what should be considered on BPM projects. Real value-focus, innovation, participants's involvement, better management cycles, lower costs, more realistic models, better decision-making and a human perspective are some discussed aspects. The main relevant topics on different methods are compared and examples of many sectors of our lives are presented.
