Discover the history and doctrine presented in the Book of Moses

Just two months after the Church was organized, the Lord directed Joseph Smith to read the bible carefully and correct it by revelation. The Book of Moses, as it now appears in the Pearl of Great Price, was the first written material to emerge from the inspired effort. In this volume, Kent P. Jackson reproduces the text of the Book of Moses as the Prophe3t left it for publication. He also provides an introductory history to provide background for your in-depth study of the text. Remarkably, some of the changes have never been printed because of confusion over which manuscript to use. A must-read for those who want to understand how the scriptures came to be.
