The Theory of Money

Jürg Niehans

The Theory of Money Jürg Niehans

Exploring the function of money as a medium of exchange and a store of value, this major work provides a comprehensive introduction to the pure theory of money and monetary policy.

Jurg Niehans considers his subject in both its microeconomic and macroeconomic aspects. The analysis thus extends from the individual demand for money to monetary policy and the art of central banking. Each chapter opens with a brief, nontechnical summary of its contents; expository material and up-to-date references to the literature are integrated in the discussion. While mathematics are used extensively, the required tools do not go beyond the elements of multivariate calculus and nonlinear programming, thus making the book appropriate as an introductory text for graduate and advanced undergraduate students in economics.

"The Theory of Money" makes an original, distinguished contribution to the literature. Not since Patinkin's 1956 work, "Money, Interest, and Prices", has there been such a systematic, comprehensive treatment of the principles of monetary theory.

Jurg Niehans, professor of political economy at The Johns Hopkins University from 1966 to 1977, currently is professor of economics at the University of Bern, Switzerland. His works have appeared in many distinguished European and American journals, including the "American Economic Review", the "Journal of Money, Credit, and Banking", the "Journal of International Economics", and the Journal of Political Economy".

From reader reviews:

Susan Williams:

What do you about book? It is not important along? Or just adding material if you want something to explain what you problem? How about your spare time? Or are you busy person? If you don't have spare time to do others business, it is make you feel bored faster. And you have time? What did you do? Every individual has many questions above. They have to answer that question due to the fact just their can do that will. It said that about e-book. Book is familiar on every person. Yes, it is right. Because start from on jardín de infancia until university need that The Theory of Money to read.

Edward Florez:

Reading a guide can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book consequently. There are a lot of reasons why people enjoyed. First reading a e-book will give you a lot of new information. When you read a book you will get new information simply because book is one of a number of ways to share the information or perhaps their idea. Second, looking at a book will make an individual more imaginative. When you looking at a book especially tale fantasy book the author will bring someone to imagine the story how the people do it anything. Third, you are able to share your knowledge to other individuals. When you read this The Theory of Money, you can tells your family, friends as well as soon about yours book. Your knowledge can inspire average, make them reading a guide.

Rudy Hendren:

Your reading 6th sense will not betray a person, why because this The Theory of Money reserve written by well-known writer we are excited for well how to make book which might be understand by anyone who read the book. Written throughout good manner for you, leaking every ideas and creating skill only for eliminate your current hunger then you still doubt The Theory of Money as good book not merely by the cover but also by the content. This is one reserve that can break don't evaluate book by its deal with, so do you still needing a different sixth sense to pick that!? Oh come on your studying sixth sense already said so why you have to listening to a different sixth sense.

Harry Alvey:

A lot of e-book has printed but it differs from the others. You can get it by world wide web on social media. You can choose the most beneficial book for you, science, comedian, novel, or whatever by means of searching from it. It is called of book The Theory of Money. You can contribute your knowledge by it. Without leaving behind the printed book, it might add your knowledge and make anyone happier to read. It is most critical that, you must aware about guide. It can bring you from one location to other place.
