Comfort from a Country Quilt Reba McEntire

In a dazzling career that spans more than two decades, Reba McEntire has established herself as one of the hardest-working and most successful entertainers of our time. She is a country music superstar who has sold more than 40 million records, one of the highest-grossing concert performers of the decade, and a trailblazing businesswoman who established her own multimedia entertainment corporation.

Yet Reba has still managed to become one of the rare celebrities who is also beloved by her millions of fans for the way she lives her life, for successfully balancing the demands of career and family, for competing in show business without sacrificing her values, and for managing to "keep it country" while keeping up with the times. She has done so, in large part, by drawing wisdom and strength from the precious traditions of her country past, finding inspiring new relevance in old-fashioned values.

Now, in a deeply personal, "back-porch conversation," Reba shares a generous helping of her life experiences. "I hope some of the things I've gone through can make it just a little easier for the next person, because life is supposed to be about making the path a little gentler for the people traveling behind you."

Reba talks about the roles a modern country woman tries to fulfill, roles as many and varied as the fabric pieces of an heirloom quilt. Facing the challenges of being a wife, mother, stepmother, daughter, sister, performer, executive, community member, and Christian, Reba shows how she has coped by carrying forward lessons and a guiding spirit from her roots as a ranch girl growing up in Chockie, Oklahoma, as well as from the powerful heritage of classic country music. Rather than proving quaint and stale, Reba demonstrates again and again the ways that you can make traditional values remain fresh and vital in your search for a fulfilling life today.
