Stealing the Future: An East German Spy Story (The East Berlin Series) (Volume 1)

Max Hertzberg

Stealing the Future: An East German Spy Story (The East Berlin Series) (Volume 1) Max Hertzberg 1993: Behind the Berlin Wall, dissident turned investigator Martin Grobe is on the trail of a killer--but is there something bigger at stake?

After forty years of dictatorship it's time for change. The 1989 revolution in East Germany led to economic collapse and a failed takeover attempt by the West.

Four years on, the people of East Germany are rebuilding their society--an experiment in political self-determination, de-centralisation, freedom and equality. But when the crushed body of a prominent politician is found a constitutional crisis erupts--Martin needs to find the links before the young republic breaks up.

Stealing the Future imagines a counter-factual East Germany - an East Germany that still exists, an East Germany that didn't collapse in the revolution of 1989, but introduced radical political and economic changes to stay independent. It's one of those rare attempts to describe a *realistic utopia*.

Everyone likes a good crime thriller, and Cold War spy stories are pretty cool too - but what happens when a spy story gets mixed up with utopian hopes? Join Martin Grobe behind the Berlin Wall to find out.
