Prodigal Genius: The Life of Nikola Tesla

James J. O'Neill

Prodigal Genius: The Life of Nikola Tesla James J. O'Neill

This was the first full-length biography written on the genius inventor, Nikola Tesla. The author was a Pulitzer Prize-winner and personal friend of Tesla, who once said the author understood him better than any man alive. It is reflected well in this highly detailed work. Much of the information in this book was personal and important, but might otherwise not have been known had O'Neill not documented it. The immense genius of Tesla resulted from a mind that could see an invention in 3-D, from every angle, within his mind before it was easily built. His dimensions and part sizes were always perfect. He never tested parts; they always worked. Most of his inventions were electrical in nature, with dozens of his patents now being used around the world. Much is revealed on Tesla's eccentric personality, his competition with Thomas Edison, and how he made his first million before the age of forty. Money was not important to him, however, nor was The Nobel Prize, which he refused to accept. It was always the science that came first. Due to the author's friendship with him, we are allowed an up close and intimate view into the mind of this genius inventor.

Not only simply by written or printed but also can you enjoy this book by e-book. In the modern era like now, you just looking because of your mobile phone and searching what your problem. Right now, choose your personal ways to get more information about your book. It is most important to arrange yourself to make your knowledge are still revise. Let's try to choose appropriate ways for you.

Robert Rascoe:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library in order to make summary for some e-book, they are complained. Just minor students that has reading's soul or real their leisure activity. They just do what the educator want, like asked to the library. They go to generally there but nothing reading really. Any students feel that studying is not important, boring and also can't see colorful pictures on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Prodigal Genius: The Life of Nikola Tesla can make you feel more interested to read.
