Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) Ardiyansyah Syahrom, Norazrin Azwani Ahmad, Masine Md. Tap, Jafri Mohd Rohani

This book investigates the factors that lead to slip and fall incidents and establishes a relationship between the coefficient of friction (COF), floor slipperiness and floor roughness. It also examines human perception of slipperiness through measured coefficient of friction (COF). On the basis of questionnaire surveys among manufacturing workers, it identifies potential risk factors and assesses human perceptions of slipperiness. It also uses a tribology approach to relate the interaction between contaminants, floor and footwear materials.

From reader reviews:

Eugene Glover:

This Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) book is simply not ordinary book, you have after that it the world is in your hands. The benefit you obtain by reading this book is actually information inside this publication incredible fresh, you will get info which is getting deeper you actually read a lot of information you will get. This specific Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) without we realize teach the one who studying it become critical in contemplating and analyzing. Don't always be worry Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) can bring once you are and not make your carrier space or bookshelves' turn into full because you can have it inside your lovely laptop even telephone. This Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) having great arrangement in word and layout, so you will not experience uninterested in reading.

Jean Ashburn:

Information is provisions for people to get better life, information these days can get by anyone on everywhere. The information can be a expertise or any news even a problem. What people must be consider whenever those information which is inside the former life are challenging to be find than now's taking seriously which one works to believe or which one typically the resource are convinced. If you get the unstable resource then you understand it as your main information you will see huge disadvantage for you. All of those possibilities will not happen in you if you take Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) as the daily resource information.

Rosemary Lafleur:

The e-book with title Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) includes a lot of information that you can learn it. You can get a lot of gain after read this book. This particular book exist new expertise the information that exist in this book represented the condition of the world at this point. That is important to yo7u to understand how the improvement of the world. That book will bring you in new era of the internationalization. You can read the e-book in your smart phone, so you can read that anywhere you want.

Tony Partee:

Your reading 6th sense will not betray anyone, why because this Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) guide written by well-

known writer who knows well how to make book that could be understand by anyone who all read the book. Written throughout good manner for you, dripping every ideas and publishing skill only for eliminate your current hunger then you still uncertainty Quantitative and Qualitative Factors that Leads to Slip and Fall Incidents (SpringerBriefs in Applied Sciences and Technology) as good book not merely by the cover but also with the content. This is one reserve that can break don't assess book by its include, so do you still needing an additional sixth sense to pick this!? Oh come on your looking at sixth sense already alerted you so why you have to listening to yet another sixth sense.
