Lippincott

Nursing2010 Drug Handbook with Web Toolkit (Nursing Drug Handbook (Lww)) Lippincott

The best-selling nursing drug handbook for 30 years is now in its fully updated 2010 edition. Organized by therapeutic class, **Nursing2010 Drug Handbook** provides quick access to current, accurate information on over 900 generic and 3,000 brand-name drugs. This edition includes black box warnings where appropriate, an expanded combination drug section, vaccine immunization schedules, and more than 1,350 additions, changes, and updates on indications, dosages, and administration.

The monographs are consistently formatted for ease of use, and they focus on the practical information that practicing nurses need. Each monograph consists of generic and trade names, pronunciation key, pregnancy risk category, pharmacologic class, controlled substance schedule (if applicable), available forms, indications and dosages, administration (with drug incompatibilities for I.V. drugs), action (including tables showing route, onset, peak, duration, and half-life), adverse reactions, interactions, effects on lab test results, contraindications, nursing considerations, and patient teaching.

A companion Web Toolkit will include FDA warnings, new drug and herb updates, medication administration and safety videos, dosage calculators, patient teaching aids, pharmacology animations, English-Spanish audio medical phrases, NCLEX®-style questions, and CE activity.
