This is an up-to-date practitioners' manual dealing with solutions for minority shareholders' grievances through litigation and self-help. Looking at and comparing the law in England and Australia, it deals with the common complaints of minority shareholders in listed public companies, quasi-partnership companies, and other types of companies. It covers the list of shareholders' agreements as a means of self-help, and is of value to general readers, especially small shareholders because of the growth of share owning in the UK.
