THE MASCULINE HEART: What makes men tick Robert A Kandarjian

At last we have an honest and touching account on the masculine personality and emotions based on the author's personal quest, and clinical observations from years of extensive experience. *The Masculine Heart* is an important contribution to the Biopsychosocial Sciences and Humanities.

Emmanuel Hriso, MD Chairman, Department of Psychiatry and Behavioral Health, Christ Hospital, Jersey City, NJ. Clinical Assistant Professor of Psychiatry, UMDNJ, Robert Wood Johnson Medical School

A tour de force journey into the masculine heart. The undetected and behind the scene tragedies suffered by little boys and young men not only at home, but also in consumer culture, come to light. A holistic account of how men become wounded within the nest and outside of it. Distorted definitions of male success by corporate and media "profits before people" consciousness, sets the stage for this unraveling poetic tale of burned out, exploited and psychologically unsuccessful fathers and sons. In an uncommon and distinctive voice, Kandarjian invites the forces that perpetuate the development of the "false" male self to reflect upon the massive damage and consider brotherly options. Ultimately, a contemporary male narrative about self-possession: possession of emotions, intuitive instincts, reason, and drive. Finally, a book that redefines male power for the 21st century and competently anchors it into the charitable heart.
