John Dewey

The Middle Works of John Dewey, Volume 7, 1899 - 1924: Essays on Philosophy and Psychology, 1912-1914 (Collected Works of John Dewey) John Dewey

During the three years embraced by Volume 7, Dewey published twenty articles and reviews, one of the articles of monograph-length, "The Psychology of Social Behavior," one small book, *Interest and Effort in Education*, and seventy encyclopedia articles.

A salient and arresting feature of the essays is the continuing polemic between Dewey and some of his critics. Ralph Ross, whose perceptive Introduction to the volume provides a broad perspective of the various philosophical controversies in which Dewey was engaged, comments that "when Dewey was pitting himself against important adversaries, his talents as a critic were fully evident."
