Enjoy Your Stay will prepare students for the English language tasks that they will face in tourism and hospitality settings. Unlike other texts, this book actively involves the students in activities that will prepare them for many of the situations they will encounter.

Activities have been coded to indicate the amount of time it might take and also the learning situation (teacher directing students, students interacting in groups, and students working individually). Vocabulary and expressions needed for different tasks/activities are presented in helpful Useful Words and Phrases boxes throughout the units.

Practical grammar practice has been integrated into many of the communicative activities. Many units have listening activities, and expansion activities that use the Internet are included as well.

The book is packaged with an audio CD.
