Magali Delgado and Frédéric Pignon captured the hearts of audiences around the globe when they toured with their troupe of astounding horses in the debut version of the equestrian spectacular *Cavalia* from 2003 to 2009. The relationships the married performers formed with their horses and then generously shared with the world displayed genuine talent, unquestionable integrity, and immense appeal that reached beyond the general public. Many serious equestrians were left asking how it is they do what they do, and how can others achieve the level of trust apparent between this incredible couple and their horses.

Magali and Frédéric explained many of their beliefs and shared many of their secrets in their first book on horse training philosophy, the bestselling *Gallop to Freedom*. Now, in this eagerly awaited follow-up, Magali and Frédéric focus on the evolution of the relationship one can build with a horse. Along with beautiful photographs taken by renowned equestrian photographer Gabrielle Boiselle, they open themselves completely to the reader, sharing insights and ideas about horses and humans.

By turns frank and instructional, poignant and tender, this delight of provides another level of inspiration for every horseperson.
