Leadership can be mentally, emotionally, and spiritually exhausting. The pace is relentless. The expectations are weighty. The challenges are daunting. But it is possible to live and lead a new way, with that deep sense of contentment that all leaders yearn for. It is possible to be fulfilled, even today. Fulfilled articulates a new approach for the exhausted leader. This Christian theology of leadership is based on three inner capacities, which every leader already possesses but which most of us simply ignore or disregard: the capacity for stillness, awareness, and playfulness. The author examines these capacities and shows the reader how to draw upon them in daily life. Vibrant leadership taps into this wellspring of inner capacities, continually available to every leader. It is not the exclusive possession of the gifted, faithful few, but is a grace provided for all. The fulfilled leader lives in wisdom, peace and joy, and is successful in all the most important ways.
