The Continental Risque

James Nelson

The Continental Risque James Nelson

The third enthralling instalment of the Revolution at Sea series A powerful maritime adventure in the epic, true-to-life tradition of Patrick O'Brian. In the winter of 1776, a decade of simmering tensions finally comes to the boil. The rebel government of Philadelphia, determined to cast off the chains of British tyranny, has authorised the creation of the United States Navy - a brazen act of American aggression against the greatest maritime power in the world. Still battered from her fight in Bermudan waters, the brig-of-war Charlemagne under the command of Captain Isaac Biddlecomb sets sail on a daring mission to raid the British store of arms on New Providence Island in the Bahamas. But he finds that his greatest enemy is an undisciplined crew on the brink of mutiny, and, beset by betrayal and treachery, Biddlecomb must find a way of uniting his men against a cruel and common foe...as the British Navy prepares to sink the Charlemagne under the merciless blasts of its guns.

From reader reviews:

Harry Crawford:

Do you certainly one of people who can't read enjoyable if the sentence chained from the straightway, hold on guys this kind of aren't like that. This The Continental Risque book is readable by simply you who hate the straight word style. You will find the facts here are arrange for enjoyable reading experience without leaving even decrease the knowledge that want to give to you. The writer involving The Continental Risque content conveys the thought easily to understand by most people. The printed and e-book are not different in the content material but it just different such as it. So , do you still thinking The Continental Risque is not loveable to be your top list reading book?

Joan Beverly:

Nowadays reading books become more than want or need but also be a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book this improve your knowledge and information. The data you get based on what kind of book you read, if you want drive more knowledge just go with education and learning books but if you want experience happy read one having theme for entertaining such as comic or novel. Often the The Continental Risque is kind of e-book which is giving the reader capricious experience.

Wayne McKnight:

Information is provisions for those to get better life, information today can get by anyone on everywhere. The information can be a know-how or any news even a concern. What people must be consider if those information which is within the former life are hard to be find than now is taking seriously which one is acceptable to believe or which one typically the resource are convinced. If you receive the unstable resource then you buy it as your main information you will have huge disadvantage for you. All those possibilities will not happen with you if you take The Continental Risque as the daily resource information.

Kimberly Silvestre:

The actual book The Continental Risque has a lot of information on it. So when you read this book you can get a lot of gain. The book was authored by the very famous author. Mcdougal makes some research before write this book. This specific book very easy to read you can get the point easily after reading this article book.
