Aviation Photography T. Malcolm English

A revised and expanded edition of *A Guide to Aviation Photography*, with new images and updated text that takes into account the latest advances in camera technology and changes in the aviation world. With this richly illustrated guide, amateur shutterbugs and airplane buffs can capture every thrilling shot they've ever dreamed of. It explains everything about equipment, the right techniques for a variety of situations, and how to capture images ranging from straight record shots to creative, abstract pictures. Cameras, lenses, and accessories; digital photography; exposure and composition; air-to-air and ground-to-air photography; and filing and selling images are all superbly covered.
