The Digital Divide (Compact Research: The Internet) Peggy J Parks

The next generation of high-speed Internet services are expected to greatly enhance careers, education, and quality of life, yet millions of people around the world may be left behind as they are still offline completely or can only afford slow dial-up or wireless smartphone connections. Through objective overviews, primary sources, and full color illustrations this title examines What is The Digital Divide? Does the Digital Divide Threaten American Society? Should the Government Regulate Internet Access? What is the Future of the Digital Divide?
