## **How to Ruin Your Financial Life** Ben Stein

Anyone can write a book about how to get rich. The bookstores are full of them. They rarely work, though, which isn't surprising since the people who write them rarely know much about money. But it takes Ben Stein, economist, finance expert for Barron's, commentator on finance for Fox News, and (fairly) successful investor to write a book called How to Ruin Your Financial Life. This book is a humorous road map showing you how to make something useful of the money that comes in and out of your life. Follow the rules-in reverse gear-and you're bound to be a lot better off than you are now. Follow the rules as they're written-and you're highly likely to wind up in bankruptcy court-as million do every decade.
