Pediatric Telephone Advice Barton D. Schmitt MD

Inside this handy on-the-spot guide, you'll find the step-by-step protocols needed for effective telephone triage of common pediatric symptoms.

Presented logically in algorithmic format, each protocol lists the questions to ask callers when evaluating the urgency of their problem, and shows you how to differentiate cases requiring emergency intervention from those better addressed through an office visit or home care. You'll also find first-aid and home care instructions for parents and tips on alerting parents to potential complications warranting a call back.

In telephone triage, accuracy counts...be sure you ask the right questions.

- **Logical organization** takes you from the basics of telephone triage to specific guidance on handling medical emergencies, trauma, newborn or infant issues, and symptoms of both mild and severe illness.
- **Detailed protocols** show you what questions to ask callers, helping you elicit the clinically essential information needed to make an accurate and rapid assessment.
- **Thoroughly updated content** assures you of the most current and accurate telephone triage advice.
- **Spiral-bound format** ensures you never lose your place—perfect for on-the-spot consultation.

Let this resource help you...

- Prevent delayed recognition of potentially emergent pediatric conditions.
- Help callers avoid the inconvenience and expense of unneeded office visits.
- Guide callers in the use of home remedies and non-prescription drugs for non-emergency cases.

The call comes in—a child is in medical distress...Get the telephone triage advice you need to make a quick and accurate assessment. Order your copy of **Pediatric Telephone Advice, Third Edition** today!

Angel Jones:

Beside that Pediatric Telephone Advice in your phone, it might give you a way to get nearer to the new knowledge or information. The information and the knowledge you can got here is fresh from oven so don't always be worry if you feel like an aged people live in narrow community. It is good thing to have Pediatric Telephone Advice because this book offers to you readable information. Do you sometimes have book but you would not get what it's all about. Oh come on, that will not happen if you have this in the hand. The Enjoyable set up here cannot be questionable, just like treasuring beautiful island. So do you still want to miss it? Find this book and read it from currently!

Nicole Dilbeck:

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some reserve, they are complained. Just very little students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that studying is not important, boring and can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Pediatric Telephone Advice can make you really feel more interested to read.
