Guide to U.S. Foreign Policy: A Diplomatic History

Robert McMahon

Guide to U.S. Foreign Policy: A Diplomatic History Robert McMahon

At no time in American history has an understanding of the role and the art of diplomacy in international relations been more essential than it is today. Both the history of U.S. diplomatic relations and the current U.S. foreign policy in the twenty-first century are major topics of study and interest across the nation and around the world.

Spanning the entire history of American diplomacy—from the First Continental Congress to the war on terrorism to the foreign policy goals of the twenty-first century—Guide to U.S. Foreign Policy traces not only the growth and development of diplomatic policies and traditions but also the shifts in public opinion that shape diplomatic trends. This comprehensive, two-volume reference shows how the United States gained “the strength of a giant” and also analyzes key world events that have determined the United States’ changing relations with other nations.

The two volumes’ structure makes the key concepts and issues accessible to researchers:

- The set is broken up into seven parts that feature 40 topical and historical chapters in which expert writers cover the diplomatic initiatives of the United States from colonial times through the present day.
- Volume II’s appendix showcases an A-to-Z handbook of diplomatic terms and concepts, organizations, events, and issues in American foreign policy.
- The appendix also includes a master bibliography and a list of presidents; secretaries of state, war, and defense; and national security advisers and their terms of service.

This unique reference highlights the changes in U.S. diplomatic policy as government administrations and world events influenced national decisions. Topics include imperialism, economic diplomacy, environmental diplomacy, foreign aid, wartime negotiations, presidential influence, NATO and its role in the twenty-first century, and the response to terrorism. Additional featured topics include the influence of the American two-party system, the impact of U.S. elections, and the role of the United States in international organizations. Guide to U.S. Foreign Policy is the first comprehensive reference work in this field that is both historical and thematic. This work is of immense value for researchers, students, and others studying foreign policy, international relations, and U.S. history.

ABOUT THE EDITORS

Ana Jara:

The publication untitled Guide to U.S. Foreign Policy: A Diplomatic History is the guide that recommended to you you just read. You can see the quality of the book content that will be shown to you actually. The language that creator use to explained their ideas are easily to understand. The author was did a lot of study when write the book, and so the information that they share to your account is absolutely accurate. You also will get the e-book of Guide to U.S. Foreign Policy: A Diplomatic History from the publisher to make you a lot more enjoy free time.

Deborah Oneal:

As a pupil exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's internal or real their interest. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Guide to U.S. Foreign Policy: A Diplomatic History can make you truly feel more interested to read.
