Backroads from the Beltway: Your Guide to the Mid-Atlantic's Most Scenic Backroad Adventures (Backroads of ...) Pat Blackley, Chuck Blackley

With a quarter of a century behind it, Norfolk Southern is one of the oldest Class 1 railroads operating in North America. This illustrated history tells how Norfolk Southern came to be what it is today, from the merger of two of American railroads most legendary roads-- Southern Railway and Norfolk and Western--through its rise to the heights of the worlds leading transportation companies.

After a concise history of the roads that became Norfolk Southern, author Richard Borkowski explores the railroads corporate history and operating structure and details the specific operations that go into the lines customer-oriented approach, including its vast intermodal network. Along with each of Norfolk Southern's 11 operating divisions, this book offers a close look at NS motive power, a wealth of color photographs, and a specially commissioned system map.
