American Manufacturing 2.0: What Went Wrong and How to Make It Right: What Went Wrong and How to Make It Right Steven Blue

Written by a working CEO who increased earnings in some of the companies he led by 400 percent, this book provides a real-world prescription for prosperity and growth for any company, in any industry.

- Presents readers with specific, actionable, and experience-based advice on how to propel a company into a global powerhouse
- Teaches the importance of the human factor and how to harness it for peak performance
- Reveals the secrets to building a high performance culture by design—not by default
- Uses tried-and-true examples from the author's real-world experience in generating turnaround and growth successes
- Offers advice on customer service, including how not to lose customers while "explosive growth" occurs
