My Son and the Afterlife: Conversations from the Other Side Elisa Medhus M.D.

Dr. Elisa Medhus never believed in life after death. As an accomplished physician, she placed her faith in science. All of that changed after her son Erik took his own life and then reached out from the other side. Intimate, heartbreaking, and illuminating, this book takes listeners on an incredible journey from grief and skepticism to healing and belief. Based on Medhus's wildly popular blog, Channeling Erik, My Son and the Afterlife provides answers to the most universal questions of being human. At once tragic and uplifting, Erik speaks from the other side with candor, wisdom, and depth as he describes his own experiences and provides new answers about the nature of souls, death, and the afterlife-answers that have the potential to change our lives forever.
